

QUALITY POLICY

The Currant Live Ltd Quality Policy comprises the following statements of Principles and Intentions.

Principles:

- We are committed to specialising in The Design, Installation, Modification & Maintenance of Monitored and Non-Monitored Fire Detection & Alarm Systems, Aspiration Systems & Electronic Security Systems including CCTV Systems and Intruder Alarms.
- We aim to achieve and sustain a reputation for quality products and services.
- We are committed to maintaining a Quality Management System, which complies with the requirements of ISO 9001:2015 and SSQS 101 Issue 8.0, FSQS-121 Issue 8, SP203-1 Version 7.1 (design, installation, commissioning, maintenance & modification modules), BS 5839-1: 2017, Industry agreed Codes of Practice, any relevant Product Standards, Police Policies (response to security systems), any other applicable Legislation and retain status as a registered company of assessed capability. Currant Live are also committed to periodically evaluating compliance to legal requirements.
- We are committed to ensuring appropriate and compliant security screening to BS7858 to all relevant employees and sub-contractors having access to confidential client security information.

Intentions:

- To provide products and services that are fit for purpose, completely meet, and where possible exceed our customers' requirements.
- To encourage the involvement of our staff in matters which have a bearing on quality and for the staff to accept responsibility for maintaining, and where possible, improving the quality of products and/or services within the scope of their function.
- To comply with all relevant legislation and regulations, and with all other codes of practice and industrial standards to which we subscribe, including ISO 9001: 2015, SSQS 101 Issue 8.0 & SP203-1 Versions 7.1.
- To operate a programme of continuous improvement, which ensures that the policies and objectives detailed in our Strategic Business Plan are achieved.
- To establish Objectives and/or Key Performance Indicators.
- To review our objectives, KPIs and overall quality performance and to evaluate compliance with legal requirements at the management review meetings.
- To establish and comply with our own Environmental and Information Security Policies.
- To ensure all workers act with the upmost professionalism while onsite and comply at all times with site specific rules, restrictions and policies as communicated by clients.
